Curriculum Vitae**

Personal information

First name(s) / Surname(s) **Laurentiu Munteanu - Specialist Physician in Oral and Maxillofacial Surgery, DMD, MD**

Address(es)

Telephone(s)

E-mail laurentiumunteanu29@yahoo.com

Nationality Romanian

Date of birth March 29, 1974

Gender Male

Marital status Married, one child

Work experience

Period **2007- present**

Occupation or position held **Specialist Physician**

Workplace **“Bagdasar Arseni” Emergency Clinical Hospital – Bucharest**

Period **2007- present**

Occupation or position held Collaborator – performing night-watches

Workplace OMF Surgery Hospital PhD. “Dan Teodorescu”, EU Department

Period **2007- present**

Occupation or position held Collaborator – oral surgery

Workplace Private system

Type of pathology met - Craniomaxillofacial traumatology:

within the professional experience

- Traumatic lesions of cervicofacial and oral soft parts (wounds)
- Maxillofacial traumatic bone lesions fractures of facial bone massive (including mandible)
- Zygomatico-maxillar complex fractures, associated to orbital traumatic lesions
- Traumatic lesions of paranasal sinuses
- oral and parodontal traumatic lesions

- Oral and craniofacial pain
- Acute and chronic inflammatory diseases of maxillar sinuses
- Acute and chronic inflammatory diseases of salivary glands
- Salivary glands lithiasis
- Acute and chronic infections of oral and cervicofacial soft parts:

- Oral abscesses (maxillar perioseous)
- Abscesses of superficial cervicofacial anatomic regions
- Abscesses of deep anatomic regions (infra-temporal fossa, latero-pharyngeal space)
- Cervicofacial diffuse infections (phlegmons)

- Temporomandibular articulation pathology
- OMF benign and malign tumoral pathology
- OMF haemorrhages
- Maxillary bone infections- acute and chronic, specific and non-specific
- Maxillary bone cysts

Types of surgical interventions and therapeutic manoeuvres performed (short enumeration)

- Surgical treatment (osteosynthesis) of mandibular fractures, with oral and cutaneous approach
- Orthopaedic treatment of mandibular fractures (intermaxillar immobilization)
- Orthopaedic treatment of facial massive fractures of Le Fort type I, II and III
- Surgical treatment of facial massive fractures (osteosynthesis), with oral and cutaneous approach
- Surgical treatment of Zygomatic fractures
- Instrumental reduction of zygomatic fractures(Gillies-Dan Teodorescu, Keen technique,etc)
- Treatment of oral and cervicofacial traumatic wounds (including the treatment of salivary glands wounds and complications thereof)
- Osseous intracanalicular drug infiltration in trigeminal neuralgias
- Surgical treatment of maxillary sinuses inflammatory diseases (radical cure of maxillary sinusitis)
- Salivary calculus extirpations(from Stenon, Warthon salivary canals)
- Submandibular salivary gland extirpation (submaxillectomy)
- Extirpation of small-sized oral and cervical benign tumors
- Reductions of temporomandibular articulation sprains(TMJ)
- Oral and cutaneous incisions of oral and cervicofacial infections
- Incisional biopsies for diagnosing oral and maxillofacial malign tumors
- Extirpation of large-sized maxillary cysts
- Surgical treatment of acute and chronic infections in maxillary bones
- Tracheotomy and external carotid artery ligation in emergency case
- Parotidectomy,lymphadenectomy
- Neck dissection
- Surgical treatment of malign tumors of soft tissues

<p>Types of dentoalveolar surgical procedures performed in out patients(private practice)-short enumerations</p>	<ul style="list-style-type: none"> - Apical resections performed on all groups of teeth (apicectomy) - Surgical removal of impacted teeth (odontectomy) - Extirpation of small and middle-sized maxillary cysts (cystectomy) - Pro-prosthetic surgical treatments - Dental implants inserts(placement) - Alveolar bone grafting procedures for dental implants placement such as:vertical ridge augmentation (GBR techniques,autografting procedures), horizontal ridge augmentation (GBR techniques,autografting procedures),maxillary sinus elevation,etc - Surgical discovery of impacted teeth, in view of orthodontic surgical recovery
<p>Period</p>	<p>2002-2006</p>
<p>Occupation or position held</p>	<p>Resident physician – oral and maxillofacial surgery</p>
<p>Workplace</p>	<p>OMF Surgery Hospital PhD. “Dan Teodorescu”, Bucharest</p>
<p>Education and training</p>	
<p>Period</p>	<p>2002 - 2006</p>
<p>Title of qualification awarded</p>	<p>Resident physician in OMF surgery specialty</p>
<p>Name and type of organisation providing education and training</p>	<p>OMF Surgery Hospital PhD. “Dan Teodorescu”, Bucharest</p>
<p>Period</p>	<p>2003-2005</p>
<p>Title of qualification awarded</p>	<p>General medicine physician(MD)</p>
<p>Name and type of organisation providing education and training</p>	<p>The Faculty of General Medicine within the Medicine and Pharmacy University “Carol Davilla”, Bucharest</p>
<p>Diploma / Licence paper theme</p>	<p>“Therapeutic attitude in spinocellular carcinom of the under lip”</p>
<p>Period</p>	<p>1993-1999</p>
<p>Qualification/Diploma awarded</p>	<p>Stomatologist(DMD)</p>
<p>Name and type of organisation providing education and training</p>	<p>The Faculty of Stomatology within the Medicine and Pharmacy University “Gr.T. Popa“, Iasi</p>
<p>Diploma / Licence paper theme</p>	<p>“Cardiovascular manifestations in dental focus disease”</p>
<p>Personal skills and competences</p>	
<p>Mother tongue(s)</p>	<p>Romanian</p>

Social skills and competences

- Team-work
- Adaptability
- Orientation towards results
- Consciousness
- Ambition

Organisational skills and competences

- Energy and creativity
- Pleasure in working
- Self-motivation

Computer skills and competences

- Good knowledge of Office
- Microsoft outlook
- Navigation on Internet

Accomplishments

Post-University studies and formation

2003-2007 Participant at the European society of Craniomaxillofacial Surgery organized in Iasi, with themes such as:

- Salivary glands pathology
- Craniomaxillofacial Traumatology
- Oro-maxillofacial infections
- OMF tumoral pathology
- OMF reconstructive surgery
- Craniofacial pain
- Temporomandibular articulation pathology
- Orthognathic surgery
- Dento-alveolar surgery

2010 Participant at the Course on the theme: "Clinical updates in orbital surgery" organized on 8-9 of September 2010, in Ferrara, Italy, by the Craniomaxillofacial Clinics coordinated by PhD. Luigi Clauser.

2011 5-day training course (11-16 of September 2010) at Professor Luigi Clauser's Clinic, as a continuation of the above-mentioned course, participating into ambulatory advisory and various surgical interventions in the operating room.

2014 Participant to the XXII Congress of the European Association for Cranio-Maxillo-Facial Surgery, held in Prague, Czech

Republic (23-26 of September 2014).

Scientific articles	<p>2014 Participant to the Congress on Orofacial Pain - National Institute of Statistics Bucharest (14th of November 2014).</p> <p>2014 Participant in the scientific event Benefits of Minimally Invasive Surgery through Coblation Technology (St. Constantine Hospital, Brasov, 30-31 of May 2014).</p> <p>2011 Difficulties in the treatment of craniofacial trauma in polytraumatized patients (Journal of Oro-maxillo-facial Surgery and Implantology No. 4/ 2011).</p> <p>2012 Particularization of osteosynthesis with miniplates in the anatomical-clinical forms of mandibular fractures (Journal of Oro-maxillofacial Surgery and Implantology No. 1/ 2012).</p>
Member of Scientific and Professional Societies	<p>2006 – present Member of the Romanian Society of Oral and Maxillofacial Surgery</p> <p>2006 – present Member of the European Association of Cranio-Maxillo-Facial Surgery (EACMFS).</p>
